WAS NOT HIT HARD AT ANY TIME

Granai Played a Star Game for the Winning Team

The defeat of Spaulding high school St. Louis 10 by Montpelier seminary, 7 to 4, on the latter's campus yesterday afternoon may be directly charged to the wildness of Nichols, the Barre twirler, in two innings, the fourth and sixth. In each of those innings the first man up was hit burg o by a pitched ball and eventually scored and a base on balls issued to St. Mary resulted in Montpelier's second run. In the sixth inning, when four big runs innings. at least three of them and Nichols was to blame for the last two. The seminary's seventh and last run was earned, Irons rapping out a two base hit, to be brought home by Granai's ingle which Ricciarelli was unable to field.

Spaulding pushed Johnson, the first man up in the third frame, around the paths for their first tally by a couple of infield outs and a passed ball and in the sixth took the lead by scoring three times. Thompson, first man up, was given a walk by Holway. He promptly stole second and when Geals unloosed a single, went all the way home. Marr mussed up Johnson's hard drive and Geals scored. Johnson came across the plate when McCarthy hit safely, with Princeton team to one run while his own two men out. In the seventh Spaulding team scored three times. Williams, by got a player around to the look-in corner with no one out, but Granai's perfect throw on Thompson's grounder nabbed Ossola at the plate. In the eighth the runner with a perfect throw, Arkley helping materially by his blocking.

Aside from the three innings in which scores were made the seminary was help-less before Nichols, going out in order in four innings and in the fifth Plast-ridge was left on third, after he had made a triple and nobody out.

Nichols showed something in that inning for, he fanned Arkley and Holway and forced Marr to lift a fly which Riccarelli easily captured.

Holway was hit safely in almost every inning, but he was given excellent support, especially by Granai and Hatch. The game contained numerous peculiar features, only one outfielder being credited with a put out; three seminary players made 27 putouts and Hatch, and Granai had between them thirty-one chances with only one error to mar the performance. The game was played in fast time and was the best to be played on the Montpelier field this season.

Boston fans now determine whether nabbed Ossola at the plate. In the eighth spaulding had men on second and third with one out, but again Granai cut off top of the A. Shuman Co. building; a white flag signifies "game," while a red pennant says "no game."

Davy Robertson of the Giants is dong so well with the stick that it looks as though Eddie Roush would stay on the bench for the rest of the season.

It looks as though Rube Marquad, one time hero of 19 straight victories for the Giants, was about done with big league pitching. In a tryout with the Robins one inning convinced Robbie that much of Rube's old time speed was gone.

It speaks well for the class of the first basemen in the major leagues when it is possible to secure waivers on such a good man as Charley Mullen.

Cleveland this year is the greatest drawing card on the road of any of the American league clubs. This honor was possessed last year by Detroit, but the addition of Speaker to the former team has evidently proved too much of a temptation to the former supporters of the Tygers and they have reverted to his standard. It is estimated that 247,000 have turned out to see the Indians play

their first 27 games this season. In 1910 the Yankees paid \$300 for Benny Kauff. In 1916 he was the most valuable of three players, for whom the Giants paid from \$63,000 to \$75,000, according to the estimated prices.

"Of all sad words of tongue or pen the saddest are these, it rained again. Rogers, whom the Reds released to the minors, did well to stay in the big show as long as she did. He looked weak last

year even with the Herzogs.
